KILPATRICK PHOTO, DEVINE

Forty-Acre Fish Hatchery Near Devine Is One of County's Beauty Spots; Fish Available

Medina County people who would like to see some real mass production right here in the country should drop in on D. C. Harper some time. Harper is superintendent of the \$85,000 fish hatchery located midway between Devine and Natalia which produces the fish for Medina Lake and has plenty left over for other people if they need them.

The hatchery got its start back in 1938 when the Anglers Club of San Antonio fostered a bill levying a one dollar tax upon all who fished in Medina Lake, the proceeds of the tax to be used for the erection of a hatchery which would propagate fish for the lake. Medina Irrigated Farms donated a tract of land consisting of 40.5 acres for the project, and construction was begun in September of that same year.

Although many county citizens have never seen the hatchery, and many more have not seen it since the opening celebration, it ranks as one of the leading beauty spots

HVFD Now Gets Fires Shipped In By Rail

The Hondo Volunteer Fire Department was paid a high compliment Saturday morning. Their excellence in putting out fires must be getting around, because now they are getting fires shipped in by rail to be extinguished.

No kidding, that's the way it was. A carload of sulphur caught fire out of town and when the train got to Hondo the fire department came over and extinguished the blaze.

RICHARDS, SCHWEERS HEAD C. OF C. COMMITTEES FOR ANNUAL MEETING DEC. 1

Hons Richards and Bruno Scheweers were appointed to head the two important committees working on the coming Hondo C. of C. annual meeting slated for Dec. 1 at the high school gym.

Working with Richards on nominations for new chamber officers are O. A. Fly and Frank X. Vance. Scheweers heads the refreshment committee, and his co-workers are R. L. Kollman and Harry Filler.

NATALIA CANNERY REOPENED THIS WEEK

NATALIA — The whistle from the boiler room and the clank of machinery was sweet music to Natalians Thursday morning as the Griggs Cannery began work again after several months idleness. They are canning green beans, and will begin on spinach after a few weeks.

ONDO JAYCEE CHARTER IS PROVED BY NATIONAL HQ.

21 thru 35 years of age who receive training that will prepare them for greater jobs in that community in later years.

President of the Hondo Jaycees is James N. Duncan. His newly formed group of young men is also affiliated with the Texas Junior Chamber of Commerce and Jaycee locals in more than 1500 communities in the United States and 250 cities in 35 foreign countries. There are more than 152,000 Jaycees in the United States.

streams of the irrigation district. They are available free of charge for private reservoirs upon application either to Supt. Harper or to the Game, Fish and Oyster Commission, Austin.

Capacity of the hatchery is 4 million fry and 80,000 fingerlings, none of which are very interested in staying at visitors. Visitors, however, could certainly mark off the time as well spent and Supt. Harper, raising Texas fish since 1928, is an authority on fish propagation. He extends a cordial welcome to any who want to come and look over their future Friday dinners.

SCHOOL, CITY, COUNTY GET \$7,000 GIFT FROM VILLAGE IN LIEU OF TAXES; NO CLOSING PLANS

because federal agencies are legally tax-exempt.

The school led the list, receiving \$3,167.85, Medina County received \$1,958.76 and the city drew \$2,061.85.

With 160 families living in the village at present, these sums represent \$44.92 per family. It is estimated that there are about 250 children in the village, and many of them attend school.

Taking Applications

Adolphus said that applications were being received now for housing at the project, and that veterans or active service personnel who need a place to live can get in promptly.

He added that present indications led him to believe that the village would not close before at least another year.

Funds paid to the school are intended to help with the cost of educating children from the village, county services such as police protection are covered by their share, and the city maintains the streets in the village with some of their portion.

Devine Rodeo Slated Nov. 11

Devine's annual American Legion celebration will be held this year featuring a parade, barbecue and rodeo on Armistice Day, Nov. 11.

The parade, starting at 10 a.m., will see floats competing for prizes totaling \$50.00. The barbecue will be held at the city park, starting at noon, and the rodeo will show both at 2:30 and at 7:30 p.m.

Features of the rodeo include an open tie down, breakaway, barrel race, ranchhand tie down and musical chair.

REA CONSTRUCTION STARTED ON ADDITIONAL 67 MILES TO SERVE 134 CONSUMERS

A \$185,000 allotment has been received by the Medina County REA office for construction of 67 more miles of lines to serve 134 consumers, according to REA Manager Sam Lanham.

Work has already started on the construction and is expected to be completed soon.

OOP!

In this week's Medina County Market Report, a couple of lines got reversed and the page was printed before it could be changed. Fryers were purchased Wednesday at 35c, old cocks at 11c, not vice versa as the report lists.

Expect Election For Mayor, Aldermen, Marshall Within Two Weeks; Vote 140-86

CLOSED

All stores in Hondo will be closed all day Tuesday, Nov. 11, in observance of Armistice Day, according to a report from the Hondo Chamber of Commerce.

Small Crowd Hears Boyce House In Hondo

In support of his paradoxical theme that "Texans are too modest," Boyce House, author and newspaper-radio columnist of Ft. Worth, declared in a lecture here Tuesday night that it is little known as far as the rest of the United States is concerned, that:

The first man in the history of the world to fly in a heavier-than-air machine was a Texan;

The last battle of the Civil War was fought in Texas, weeks after Lee's surrender — and the Texans won;

The first battle of the war between the United States and Mexico was fought in Texas, only a few miles from the scene of the last Civil War battle near Brownsville;

Dick Dowling and 42 Texans behind a mud fort turned back an attempted invasion of 22 transports, and 15,000 Union soldiers, escorted by four gunboats — a feat which Jefferson Davis declared to be unsurpassed in the history of warfare, ancient or modern.

House spoke at Hondo High school in the second of a series of attractions offered by the Medina County Municipal Concerts Association.

Local Flying Service Given CAA Approval

Holloway Flying Service started buzzing with activity again this week with approval coming thru from CAA for commercial and flight instructor training. The school has been waiting for the approval for about three months.

Course for a Commercial Pilots license takes about 35 weeks for tyros starting from scratch. Most of those enrolling for the course, however, already have their private pilots licenses and for them the training will mean about 28 weeks. Flight Instructor licenses require about three weeks after the commercial training has been completed.

On deck for the commercial course so far are Stanton Chapman, James Collins, James Golden, Merlin Hughey, Charles Lutz, Milton Renken, Miles Weynand, Robert Cosgrove, Robert Breiten Jr., and Joseph W. Holloway.

FARMERS BUILD TELEPHONE LINE

DEVINE — A new rural telephone line has just been completed to accommodate seven farmers who reside on highway 173 west of town. The line connects with the Del Rio and Winter Garden exchange here in town. The farmers who have new phones are Arnold Griffin, Eddie Ehlinger, Frank Rihm, Leo and George Schmidt, Arthur Poerner and Mr. Frazier.

HONDO FUTURE FARMERS ATTEND AREA CONFAB AT SINTON; REVISE RULINGS ON OFFICERS

Four Hondo FFA boys, Tony Brucks, Albert Saathoff, Bobbie Graff, and Edward Brucks attended the Area X Future Farmer Meeting held in Sinton Nov. 1. These boys were not official delegates to the Area meeting, but work on the various committees that form the Area Program for this school year.

Greatest task of the day was changing of the Area Constitution in regard to selecting of Area Officers. In the past each of the five districts in the area has elected the officer that its district was to have for the given year. Often the best qualified boy didn't fill an office. Under the new ruling each district will nominate two boys from its district to attend the first Area Meeting for

the Year. At this meeting the 10 boys from the five districts will elect officers from their group of nominees. To qualify for an Area Office a boy must hold the Degree of Lone Star (State) Farmer.

Future Farmer Area X consists of all South Texas extending from Utopia on the North to Brownsville on the South; from Beeville on the east to Eagle Pass on the West. The Winter Garden District area Officer for this year is Otto Claredy of Sabinal. District delegate was Bud Fisher of Utopia.

FFA Advisers M. E. Heath of Sabinal, Max Amann of Utopia, and John McAnely of Hondo attended the Area Meeting with the Winter Garden District Boys.

OLD COCKS, per lb.	.35	.35

WHEAT, OTHER GRAINS SUFFER LOSSES AS SUPPLIES GAIN; MOST CATTLE, SHEEP HIGHER

Many southwest farm products declined in value last week, though most sheep and cattle sold higher, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Wheat prices fell sharply during the week and most other grains also suffered losses. Weakening factors included weather in the corn belt, and increased supplies of new corn. No. 1 wheat closed Friday at \$3.03 1/2 per bushel at

Texas Common points.

Rice held generally firm with demand active from domestic and export trade. Prices of many feed ingredients followed the downward trend of grains. Alfalfa hay showed a slightly easier undertone this week, while prairie hay remained strong. Rains interrupted peanut picking at many points with little damage to the crop. Wool buying continued active in Texas and the Southwest at firm prices.

Southwest egg prices dropped mostly 1 to 5 cents per dozen last week. Hens lost a cent or two per pound but fryers and broilers sold firm to a little higher. Best mixed colored eggs brought 45 to 50 cents at Dallas and 48 to 55 at Fort Worth. Denver bought current receipt eggs at mostly 43 1/3 and New Orleans 53 1/3.

Hog markets registered sharp declines of mostly \$1 to \$2.50 per hundred for the week. Closing top prices for good and choice medium weight butchers stood at \$25.50 at San Antonio, \$26 at Ft. Worth and Oklahoma City, and \$25.85 at Wichita.

Sheep and lambs gained mostly 25 to 75 cents, but lambs dropped 50 cents to \$1 at Oklahoma City and Wichita. Medium and good lambs sold \$18 to \$21 at Oklahoma City, and \$20 to \$21.50 at Ft. Worth. San Antonio bought good to low choice lots at \$19.25 to \$20. Good and choice brought \$22.75 to \$23.25 at Wichita.

Southwest cattle closed the week generally steady to 50 cents higher compared to a week earlier, except at Oklahoma City losses ranged from 25 cents to \$1, with cows and heifers losing most. Common and medium cows sold at \$12 to \$14.50 at Houston, while medium and good grades cashed at \$15.50 to \$16 at San Antonio, \$13.25 to \$16 at Fort Worth, and \$14 to \$17 at Oklahoma City. Wichita to \$16.50, and Denver paid \$14. bought good weighty cows at \$16.75 to \$18.25 for common and good kinds.

Potatoes and tomatoes sold a little higher at Fort Worth the past week, while most other items held steady to firm. Prices remained largely unchanged at New Orleans in slow trade, and Louisi-

ana sweet potatoes found steady markets. Potatoes and onions gained strength at Colorado shipping points, but Texas oranges and grapefruit weakened at Denver. St. Louis bought lettuce, beans and oranges lower, but paid more for

cabbage, potatoes, sweet potatoes and onions.

Spot cotton markets saw another active week with large volume of sales. Prices declined mostly 50 cents per bale. Rains delayed harvesting in many sections.

WORMS CURTAIL YIELD, GROWTH

Worms are a hindrance to poultry raisers because they often are responsible for reduced egg yields as well as for prolonging the time required for chickens to reach marketable size. While the effect of worms on poultry is not often easy to detect, the harm done over an extended period may be of considerable importance.

Of the many types of worms known to be poultry parasites, there are but few which are numerically important enough to cause serious trouble. But these few species are found almost everywhere poultry is raised.

The Large Roundworm

One of the commonest is the large roundworm. This is the worm with which most poultrymen are familiar. It is large — 1 1/2 to 4 inches in length — and causes heavy damage when great numbers of them infect a flock.

Mr. Hy. C. Muennink, Earnest, Mr. and Mrs. Reuben Wiemers and daughter, Faye Jean left Wednesday Oct. 29, for Cambridge, Neb. where they visited Mr. and Mrs. Ira Hecox and son Glenn Dale. Mrs. Hecox is the former Miss Helen Muennink of Hondo.

This worm then hatches more eggs which the chicken passes back to the soil through the droppings. Large roundworms, in their development in chickens, cause considerable damage to the intestinal wall. This damage frequently causes birds to become emaciated and stunt their growth. If the infection is severe enough, the bird will die.

The cecal or pinworm is a tiny worm between one-fourth and one-half inch in length. It lives in the tips or blind ends of the ceca of chickens and turkeys. While it is not especially harmful to chickens, the cecal worm or its egg acts as the carrier of blackhead organisms infecting turkeys and is often responsible for severe losses in turkey flocks. Its life cycle is similar to that of the large roundworm.

Intestinal Capillaria Worm
The intestinal capillaria worm is a long threadlike worm that may cause chickens to become droopy and emaciated, to develop diarrhea, and if the infection is heavy enough, to cause death losses.

“HOODIES” Will Keep You Warm This Winter

Featuring the newly longer hem-line, these smart new woolen coats have the popular hoods that keep you snug and warm in winter's worst weather.

Detachable hoods can be tossed back or removed on pleasant days.

PRICE: \$1000.00

25% off to smart people!

Would you like to buy a big, bright, shiny new car in 1957 costing \$1000, at a 25% discount?

Well—here's how you can buy that \$1000 car for \$750!

Buy a \$750 U. S. Savings Bond today. Your Uncle Sam will give you back your original \$750—PLUS a bonus of \$250 when the Bond matures in 10 years! That's how you can get a whacking 25% discount on a car, an oil burner, a washing machine, or whatever else you may want!

Safe as the U. S. itself!

And these Bonds are safe. The safest invest-

ment in the whole wide world!

When you buy an extra Bond this month, look at it this way: you are buying protection from any hazards that may develop which call for extra cash.

And in any event—in addition to protecting yourself—you are cutting yourself in on a 25% discount for things you will want, or need, 10 years hence.

You can buy U. S. Savings Bonds at banks, at post offices. But the best way—the “painless” way—is to buy them through your regular Bond A Month Plan!

MRS. HARRISON WILSON OF YANCEY HEADS HOME DEMONSTRATION CLUB COUNCIL FOR 1948

Mrs. Harrison Wilson of Yancey was elected president of the Medina County Home Demonstration Club Council at a special meeting last Saturday in the REA building, Hondo.

Vice president for the coming year is Mrs. Frank Peterson. Mrs. Paul Bendle will serve as secretary, and Mrs. Albert Saathoff as treasurer.

At the meeting all council officers, committed chairmen and club presidents presented their annual reports and it was decided that a Recreation Training school will be conducted in Hondo, date to be announced, with Mrs. Zack Nation of Tyler as instructor.

The council also made plans for a program to be held Friday afternoon, Nov. 7, in observance of

National 4H Week which is being observed across the nation on Nov. 1-9.

President-elect Mrs. Wilson announced committee chairmen and members for 1948 as follows: Finance: Mrs. Matt Bader, chairman; Mrs. Albert Saathoff, Mrs. Henry Nehr. Yearbook: Mrs. A. C. Gilliam, chairman; Mrs. Bonner Carl, Mrs. Emil Riff, Mrs. Lonnie Howard. Expansion-Education: Mrs. W. G. Bearman, chairman; Mrs. Milton Leinweber, Mrs. J. D. Baker Jr., Mrs. Harvey Haby.

Marketing: Mrs. John J. Hieser, chairman; Mrs. G. C. McAnelly, Mrs. Francis Echtle. Exhibit: Mrs. Robert Faseler, chairman; Miss Florentina Bohi, Miss Martina Hordenan.

DEVINE NEWS

DEVINE PEOPLE SEE SEGUIN GAME; HOWARD GOES TO TENN. HEREFORD MEETING; BOWMANS TO LAREDO

A party made up of the following Devine folk went to Seguin Saturday night to see Claud Scott a home town boy play football with the Brownsville Jr. College team; Mrs. Geo. Schott, George Vernon, Randy, Evelyn and Joyce Mae Schott, Mr. and Mrs. Macon Delevan, Patsy and Macon Delevan, Mr. and Mrs. Howard Wallace, Mr. and Mrs. W. D. Schott, Herby Williams, Earl Bassett, Neil Briscoe, Don Burton, Walter and George McAllister, Miss Thelma Kempf, Don and Duane Newcomb, Jack Schultz and Clifford Redus.

Hartley Howard in company with Perry Kallison of San Antonio, left Sunday by plane for Knoxville, Tenn. to be present at the annual meeting of the American National Polled Hereford Association. There will be a stock show and sale. He expects to return home Thursday.

Mr. and Mrs. Fred Bowman left Sunday for Laredo where Mr. Bowman will attend the Texas County Judges and Commissioners Convention which is being held there.

Grover DuBose of Sabinal visited J. E. DuBose family Tuesday.

J. E. Mitchell of Georgetown has bought the Spilawn place and moved his family here this week.

Hugh D. White Jr., of Devine, attended the meetings at College Station Monday and Tuesday of the Texas Beekeepers' Assn.

Mr. J. H. Bruce and Arthur Hayes of Banderas, were here Wednesday on business.

Mr. and Mrs. Ed Love and their children of Luling, Mr. and Mrs. Clarence Ward and sons of Freer, spent the weekend here with their mother, Mrs. W. A. Love.

Rev. and Mrs. L. A. Cooreham of San Antonio visited the D. C. Harpers and other friends Saturday afternoon. They had been to Pearsall to attend the Leo Gossett funeral. Rev. Cooreham was pastor of the Baptist church here for 11 years.

John T. Sollock and Oscar Stevens returned Wednesday from a fishing expedition to Devil's River near Del Rio. They report a successful trip.

Mr. and Mrs. Aubrey Driscoll and daughter, Linda Kay, and Miss Jane Harper went to Corpus Christi to see the Hardin-Simmons and University of Houston football game which was played there Saturday night. Edward Gordon Jr., a nephew of Mrs. Driscoll's, played on the Houston team.

Mrs. D. H. Ramel of San Antonio is visiting her brother's family, the Oscar Yarbroughs.

Mr. and Mrs. Herbert Dodd and children of Brady spent the week

MEDINA VALLEY LIONS CLUB INITIATES

DEVINE — Girl Scouts and their mothers decorated tables in Lytle high school gym and served a baked turkey dinner to 75 Lions and Lionesses.

George Meyers was the New Papa of the hour, but due to "shock" was not able to be present.

Lion Tamer, Girard was lucky. His wife drew for the pot — she won.

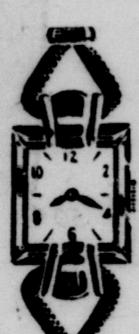

Lion Meredith Bright conducted the Mock Initiation which furnished thrills for the new Lions and amusement for the audience. New Lions are Ed Wallen, H. C. (Pat) Kilpatrick, William McGough, William Stratton, A. J. Ballard and Nat Traudt.

SCOUTS RE-REGISTER

D'HANIS — Seventeen boys registered Tuesday night for scout training in D'Hanis. Lawrence Weynand is scout master of the troop.

According to an estimate by the Fish and Wildlife Service, rats are destroying grain at the rate of 200,000,000 bushels each year.

Hutzler-Tschirhart Wedding In Devine

Double Ring Rites Tuesday

BIRY — St. Joseph Church of Devine was the scene of the wedding of Miss Doris Hutzler, daughter of Mr. and Mrs. Adolph Hutzler of Devine, and Lawrence Tschirhart, son of Mr. and Mrs. Sam Tschirhart of Castroville. The double ring ceremony was read

Tuesday morning, Oct. 28 with Rev. Andrew Palmer O. C. D. officiating the mass and Rev. Alexander preaching the sermon and singing the mass.

The bride, attired in a gown of white satin, was given in marriage by her father. Yoke of the gown was of lace, and she wore three strands of pearls, a gift of the groom. Her veil was finger tip length and she carried a prayer book topped with streamers and Chrysanthemums. She also carried a rosary which was brought over from Germany by her grandmother.

Mrs. Otto Mann Jr. served as her sister's matron of honor, and wore a gown of light blue taffeta with skirt of net and a shirred sweetheart neckline. Miss Margaret Fischer in aqua and Miss Kathleen Hutzler in fuchsia served as the bridesmaids. Their dresses were of the same style as the matron of honor's and they carried bouquets.

Pilgrimage ended at the home of Mrs. L. C. Martin where pies and soft drinks were served by the hostesses, Mrs. A. Driscoll and Mrs. Nat

yellow streamers.

Brother of the groom, Tschirhart, was best man and groomsmen were Harold H.

A reception at the home of the bride's parents followed the ceremony, after which the couple for a few days in Carlsbad Mexico. For traveling, the wore a suit of Kelly green with brown accessories.

The bride's parents were a set of silver by their child honor of their silver wedding anniversary.

FALL PILGRIMAGE FOR GARDEN CLUB

DEVINE — The Garden met Thursday, Oct. 30 at in the Homemaking Building the fall garden pilgrimage made to all the homes been signed with Mrs. D. C.

First stop was at Mrs. Howard's and from there country homes of Mrs. Carl, Mrs. Macon Delevan, R. K. Williams and Mrs. Harper. Back in town they Mrs. R. R. Redus, Mrs. V. Rose, and Mrs. T. T. Adam.

Pilgrimage ended at the home of Mrs. L. C. Martin where pies and soft drinks were served by the hostesses, Mrs. A. Driscoll and Mrs. Nat

BARBECUE DINNER ON BIRTHDAY

TARPLEY — Visitors to Emil Pressler's home were Pressler's sisters, Mr. and Otto Bierman and Mr. and Robert Allerkamp of Comer, Mrs. Joe Minish of Beaufort, Mr. Pressler's birthday.

A barbecue dinner was Sunday, to Mr. and Mrs. Otto Mangold, Mr. and Mrs. Otto quis, Ruby and O. C. Shirleys Mr. and Mrs. Jean U and children, Walter Schell 3 visitors of San Antonio and Mrs. Willie Sprott, Mr. Erwin Jenneke and Billy and Johnny, Mr. and Willie Schmidt, Mr. and Mrs. Pressler, and Joyce, and tresses, Mr. and Mrs. Emil Schell and son Hugo.

An overhaul and reconditioning job, like the "stitch in time" can save costly breakdowns. Not only is it insurance against serious trouble, but it keeps your John Deere working at top efficiency — delivering all the power you need and doing it economically.

The men in our shop are not only first rate mechanics — they are factory-trained and able to give your John Deere tractor the special service that will make it run like new. They will use only genuine John Deere parts, when making necessary replacements, and that is important because John Deere parts are exactly like the originals.

The world's need for food will make great demands upon you and your equipment next season, so take in soon for a general check-up. The cost will be moderate, and you will be sure you can meet whatever demands the next season will make. Drop in soon. Will you?

DUNLAY NEWS

**Dunlay Mourns
Passing Of
Elmer Haby**

By Mrs. John Krenmuller

For the second time within three weeks shock and sorrow has been cast upon our community with the passing away of Mr. Elmer Haby. A true friend and neighbor has been taken from our midst and our sincerest sympathy is extended to the family.

Mrs. Louise Dillon of San Antonio visited her sister, Mrs. Ida Biscenoff Saturday, she also attended the funeral of Mr. Elmer Haby.

A large group of our local personnel attended the Halloween Carnival at Castroville Thursday night. A good attendance was reported and the carnival was a successful one.

Mr. Chester Schmidt of Hondo was hauling cattle for J. D. Schweers, Edmund Haby and Willard Moehring the past week.

Mrs. Ross Carle and son Henry were in Hondo Monday.

Mr. and Mrs. Ed Schneider spent Sunday with Mr. and Mrs. Edmund Haby.

Sgt. C. J. Jackson of Rome, New York visited with his family on Tuesday and Friday of last week.

Mr. and Mrs. Geo. Burger, Miss Myrtle Burger and Bob Newton of San Antonio spent Sunday with Mr. and Mrs. Franklin Holubec.

Mr. and Mrs. Sterly Jagge, Mr. and Mrs. Erwin Biediger and Mr. and Mrs. Stanly Jagge spent Sunday at Boerne and also visited the cave without a name.

Last week we overlooked stating that the following people attended the circus at Hondo on Saturday: Anthony Haass, Elroy Lindeburg, Dennis Jackson, Virgil and C. J. Krenmuller and Mrs. John Krenmuller.

Mr. and Mrs. Cornelius Haby and son Hazen from San Antonio spent Saturday and Sunday with Mr. and Mrs. Edmund Haby.

Mr. and Mrs. Lawrence Tschirhart returned from their honeymoon spent out west.

Mr. and Mrs. Allan Haby visited Mrs. Haby's father, Mr. John Hutzler who is ill at the home of Mr. and Mrs. Wesley Hutzler at LaCoste.

Mr. and Mrs. Erwin Riff of Knippa were here for the funeral of Erwin's uncle, Mr. Elmer Haby.

Mr. and Mrs. Sam Tschirhart

parents, Mr. and Mrs. Alex Jungman Sr. at LaCoste and Mr. and Mrs. Henry Embrey at Hondo.

Alex Jungman Sr. of here attended "All Souls" Church service at Castroville Monday.

Fred Jungman and son Fred Jr. of Rio Medina visited with Mr. and Mrs. Alex Jungman Sr. at LaCoste Saturday.

DECLARED GREATEST
AUTOMOTIVE IMPROVEMENT SINCE 4-WHEEL
BRAKES

Your car performs better at night or during a rain because WATER VAPOR, in mixture with the air and petroleum gases, acts as an internal coolant, reducing high temperatures and peak pressures, suppresses detonation, ("ping") and pre-ignition, permits advanced timing, increases combustion time period of the fuel, dissolves gummy carbon deposits, keeps spark plugs clean, reduces fuel consumption, and produces higher power output from the engine.

ASK YOUR DEALER

ASK for literature. ASK to see the OCTA-GANE. ALL Service Stations, Garages, Tune-ups, Tire, Car, Truck, Hardware and Implement Dealers EVERYWHERE in the United States can sell and install the OCTA-GANE.

(If your dealer can not serve you, mail postcard to us for literature.) Your Dealer's name and address will be appreciated.

Signed: A. V. Cale, Robstown, Texas. (1-1-48 pd.)

I HAVE LEASED: and have the exclusive hunting rights for the Louis C. Decker pasture for the current hunting season. The pasture has been duly "Posted" according to law and all trespassers will be prosecuted.

Signed: W. A. Ridgeway, 124 E. Hyde, San Antonio, Texas. Telephone KEN, 5635.

POSTED—Pasture two miles west of D'Hanis on Highway 90. No hunting or fishing. Eugene Huesser. (tf14)

POSTED: My property, known as old Butte homestead, south of Hondo on Yancey road. All hunters, trespassers and fishermen keep off under penalties of the law. Dr. J. A. Rowe. (1-1-48)

POSTED: I have leased the hunting rights in the O. J. Bader pastures and all hunting and trespassing there in is forbidden. Buddy Hartmann. Dunlay, Texas. (19tc9)

NO HUNTING ALLOWED: No trespassing, and no hunting with firearms or dogs on the H. H. Theis property. (Castroville) (22tp9)

POSTED: Hunting, fishing, camping or in any way trespassing on land belonging to the undersigned is hereby forbidden under penalty of the law. H. J. Boehle, O. A. Grell, Alfred Boehle, Charlie Lindenburg, Arthur Wurzbach, and Arnold Balzen. (pd 1-1-47)

HUNTERS NOTICE: The August E. Schuehle estate has been leased for hunting. No more permits available. (1-1-47-P)

WILLIE SCHMIDT at Dunlay posts all his land at the Quihi Road and Castroville Road and Otto Schmidt's land is posted too. Also Louis Schuehle's place. No hunting with dogs and guns and no fishing, this is strictly forbidden. (pd. 1-1-48)

POSTED: My property, the former T. I. Davidson Ranch. All hunters and other trespassers keep off under penalties of the law. Bruno A. Schuehle. (tf11)

NO HUNTING: Our place known as the cedar brake pastures is strictly posted, therefore no trespassing or hunting with firearms or dogs is allowed. E. W. Balzen, Elgin, Stiegler and W. J. Fuos.

Owl Hopes Higher After Coyote Defeat; Travel To Del Rio This Week End

With a new lease on life after Carrizo's defeat of the Uvalde Coyotes last weekend, the Hondo Owls leave town at noon Friday for Del Rio where they resume their quest of the district championship against a light, tough eleven which will be operating at full strength for the first time this year.

The bordermen have had a spotty season so far with their ranks saddled with injuries, but all the ripples will be on deck for the Owl tussle. The Del Rioans are especially sharp on defense in spite of their lightness, playing the huge, bruising Burbank eleven to a total standstill last week end before finally succumbing in the last quarter. Taylor, who operates under the T, is an exceptionally speedy back and is likely to run all the way any time he gets the ball.

Del Rio lost to Carrizo Springs early in the season by a 20-0 score, and has lost to Banning and to Burbank. They licked Eagle Pass 12-0 and lost to Devine on penetrations after a 6-6 tie.

The Owls meanwhile, recovered much of their spirit during this week's drills, and principally worry is how J. E. Boon will be feeling. Boon took sick Tuesday afternoon and had to be sent home, and if he does not play he will possibly be weak. If Boon joins Curtis Braden on the sick bench the Owls will have to depend on fight alone for a victory — but fight alone has won a lot of games. If it's used. If Boon can't play, or must do only part time duty, Norwood will move back from the line to fill out the backfield. Hondoans going to the game will have another chance to look over a pretty sharp looking Hondo freshman, Joe Alderete. Carle and Amerson will round out the backfield. If the backs have gained a little more "sensitivity" to their opponents offense plays it can mean a world of difference in the final score. Line backer has been the Owls worst failing since Braden injured his knee, and the only antidote for that backfield inexperience is a little more rocking, socking, battling in the line.

Pete Lorfing Stars With Seguin Team

SEGUIN Nov. 3 — Emmanuel "Pete" Lorfing of Hondo played well from his guard position as Texas Lutheran College of Seguin blanketed the strong Brownsville Junior College Scorpions 19-0 last Saturday night in Seguin. Lorfing is a sophomore at T. L. C.

The win moved the Bulldogs into second place in the South Texas Junior College Conference, and they engage the league-leading Southwest Texas Junior College Cowboys of Uvalde this Saturday night in Seguin. The game is one of the highlights of the annual T. L. C. Homecoming celebration.

Big Cars Race In S. A. Sunday, Tuesday

Championship big car races will be presented at the Storywood Park race track in San Antonio, Sunday afternoon, Nov. 9, and again on Tuesday afternoon, Armistice Day. Time trials will start at 2:00 p.m., and the races will get underway at 3:00 p.m.

Among early entries already received are those of Burt Hellmueller, of Baltimore, Maryland, eastern speed king who drives the airplane-powered No. 48 Curtis Special that was formerly owned by Ben Shaw; Les Adair, Indianapolis, will drive his famous Benson Offenhausen; Billy Snyder, Minneapolis, who is the Minnesota champion, will drive his "black cat" Offenhausen Special No. 13; and Harry King, champion of Florida, has entered his gold-colored Hal No. 24.

In addition to these and other veteran race drivers, a newcomer, George Binnie, of Kansas City, whose phenomenal victories in the midget racing world have won him thousands of loyal race fans throughout the Mississippi Valley, has sent in his entry for the San Antonio races. Several weeks ago, Binnie purchased one of the fastest Offenhausers in the country from Louis Bromme, wealthy California sportsman, and having "souped" the car up to the extent of several thousand dollars, now is ready to challenge the field of big car drivers.

A field of twenty or more dirt track pilots is assured for the Sunday and Armistice Day speed programs in San Antonio.

SCHUEHLE FOOTBALL STORY TO BE AIRED NOV. 12

Nationwide broadcast of the fourth period place kick that won for Jake Schuehle and his U. of Arkansas teammates a niche in football history back in 1938 will be at 7:30 p.m. Nov. 12 over San Antonio station KABC.

The story will be narrated by Schuehle himself, who made a recording of the yarn in San Antonio last week.

MANSFIELD OF BANDERA STILL WORLD CHAMPION

Toots Mansfield of Bandera retains his title as World's Champion Calf Roper, taking first place in the day money at New York's Madison Square Garden.

Mansfield averaged out in second place. Ray Wharton, familiar figure in the regular Bandera events, took second in the day money and averaged third.

Mansfield tied for high money in the Garden competition, winning a total of \$2,000.

NATALIA MUSTANGS DEFEAT CASTROVILLE COMETS

Natalia Mustangs defeated the Castroville Comets by a score of 30-0 at Natalia Friday. Thursday night, Nov. 6 the Mustangs meet the powerful Catarina Yellowjackets at Dilley in a night game.

DEVINE WARHORSES SWAMP DILLEY ELEVEN 43-0 WITH INTERCEPTIONS, COMPLETIONS

DEVINE — The Warhorses met Dilley on the local field Friday night with Devine kicking to Dilley and Dilley punting on first down.

A pass from Sanson to Williams made first score for Devine and Williams converted the extra point. A Dilley pass was intercepted by Sanson who ran 50 yards for a touchdown but failed to convert.

Another Dilley pass was intercepted by Sanson to Williams on the one yard line and Briscoe crossed the line for score, Hal ended with Devine 25. Dilley 0.

Fifth touchdown came when Sanson passed to Williams. At the beginning of the fourth quarter Neil Briscoe intercepted a pass and ran 80 yards for a touchdown.

They failed to make the extra point. In the fourth quarter Del Rio made a score and failed to convert making the game end in a tie 6-6. The Colts play Pearls Jr. tonigh on the Maverick field in Pearls.

A pass from Ehlinger to Taylor made another score for the Warhorses. The final score was Devine 43, Dilley 0.

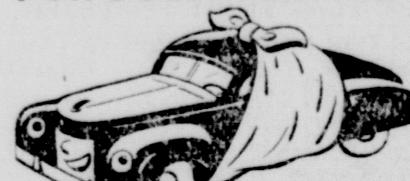

The Warhorses meet the tough South San team Thursday night at South San. The Warhorses are really up against a "booger" when they tackle these boys who are tied for first place champion ship in their district.

DEVINE — The Devine Colts met the Del Rio Jr. team on the Warhorse field here Thursday night, Devine kicking to Del Rio to start the game.

At the half the score was 0-0 but in the third quarter Jack Schneider broke loose for a 60 yard run — and a Devine touchdown.

They failed to make the extra point. In the fourth quarter Del Rio made a score and failed to convert making the game end in a tie 6-6. The Colts play Pearls Jr. tonigh on the Maverick field in Pearls.

WRAP UP YOUR CAR FOR COLD WEATHER

Winterproof

Quicker starts and good going all winter long. Come in today for this preventive maintenance service.

Offensive stars for LaCoste were "Corky" and "Sleepy" Keller while Hutzler and Land played outstanding ball on defense. Butler of LaPryor was the outstanding man on the LaPryor team both on offense and on defense.

LaCoste will have an open date this weekend and will tackle the strong Yancey team on Nov. 14 in Yancey which will decide the Zone I championship. Neither LaCoste nor Yancey has been defeated in conference play. The winner of this game will play Big Wells, Zone II winner, for the district championship on Nov. 21.

Fletcher Davis

To touch upon the stimuli
That makes men think —
The lifeblood of our Liberty
Is Printer's Ink!

This column represents the opinions of the author on various subjects. Political comments or other critical observations do not necessarily reflect the views of The Anvil Herald. Mr. Davis has authority to speak freely on any matter of his own choosing.

PRESIDENT HAS

architect of this column paid with careful attention to President Truman's recent radio address announcing his call for a convening in November of a special session of Congress.

President announced two reasons for calling that body together at this time, namely: first, danger of inflation in this country, and second, impending peace in the war-ravaged areas.

After a labored effort, he repeated statements that have been repeated lately as to have been apparently to convince already convinced people of the fact of the existence of two dangers.

President stopped! He could be so stupid as to be, at a late hour, ignorant and aware of these two ailments that sick world?

The world is sick! He needs no longer to be ignorant of that fact, for the President told us so!

He's the doctor!

When a body — be it human body-politic — is sick and a doctor, he needs not to be sick but to have the means applied for removal of the ailment determined to cause the end that normal health may return.

President Truman give us such a diagnosis or such a cure?

He, contrary, he left us thoroughly convinced that the world is sick and with the intention that, now that he has it out and passed the news of discovery on to Congress, he might do something about it that something — in statesmanship?

Leadership worthy of the world have diagnosed the ailment and there he, prescribed the cure.

He done so would have confessed a blundering policy that would forever condemn the world; and that he hasn't the cure.

He up the whys, where and how-come-it-so that we are the last war, every body stopped for a moment to have known when the world, after interfering in every conceivable manner with the normal routine of business and production, began unheard of prices for both cities and labor it had started inflation balloon on its rising course.

"Slow-up and bust" that President now sees portending beginning in the blundering he began.

He, to say, the blundering Fletcher Davis, last page

WHAT WE READ IN THE PAPERS

Discussing a demand for increased rates on the part of the Southern Bell Telephone and Telegraph Co. of Mississippi, an exchange from that state points out how the public is being gouged in this wise:

"But we hope the Public Service Commission will investigate this request carefully and earnestly. There has to be a stopping point somewhere and the public is being gouged from every angle. The government ups taxes; the utilities ups rates; the groceryman ups groceries; the market ups meats; the real estate agent ups rents. And back of all of it is labor's continued (and utterly ridiculous) demands for more money. The circle is a vicious one that has its source in labor's continued demands. Can't they get a raise, everything else goes up in proportion, and with it goes the gain of the laborer?"

★

Writing about our governmental policy of trying to maintain its prestige of world leadership and power by buying good will, Westbrook Pegler thus summarizes the price we are paying for it:

"An American who works one day each week to pay his federal taxes works 20 per cent of his life for the government. If, for a rough figure, half of the money goes for prestige, power and good will, he spends three entire years in involuntary servitude, or slavery, to foreign countries, in a working career of 30 years. He never understood or intended this See FLETCHER DAVIS, last page

NEWS FROM NEIGHBORING COUNTIES AND COMMUNITIES
Texas papers listed below are used as news sources, and from them The Anvil Herald reports the news in other localities. Unless specifically attributed to another paper, views and opinions expressed below are those of The Anvil Herald.

ATASCOSA MEMORIAL

American Legion post of Pleasanton has purchased 19 acres of land about midway between Pleasanton and Jourdanton which the post hopes to develop eventually into a memorial tract for those who died in the service.

First project on the land will be construction of a lighted baseball field. The legion will also drill a well and put in a swimming pool. They have about \$7,000 toward their goal now.

"BEST ATASCOSA FAIR"

Many are saying the recent Atascosa county fair is the best ever held. Winners of the various events occupied nearly the entire front page of the Pleasanton Express, so we can't reprint them here. Anyone interested will find that front page posted on The Anvil Herald bulletin board in the Hondo C. of C. window this weekend.

FREE X-RAYS IN HAYS COUNTY

Efforts are being made this week in San Marcos and Hays Counties to X-Ray every adult and most of the school children in an attempt to locate early cases of tuberculosis. According to The San Marcos Record, all information uncovered by the exams will be kept secret and there will be no charge made.

EIGHTEEN BANDS PLAY IN BEEVILLE

Eighteen marching bands paraded down the streets of Beeville Monday, according to The Bee-Picayune. Occasion was the Hereford Association's big show and rodeo.

HOUSING UNITS MAY BE SOLD

Kingsville's 200 public housing units may be repaired and sold to veterans under FHA terms, according to a story in The Kingsville Record this week. The assistant regional manager of the Public Housing Authority told city officials there that they could be sold to the city on a heavy depreciation basis, by off-site sale with the land going to the War Assets Administration or repaired and sold to the ex-GI's.

BISHOP KILLS THE RATS

More than 3000 rats were killed on 57 Nueces county farms and ranches last week, according to W. E. Newton's Bishop News. Poisoning is being conducted by F. R. Jones of the U. S. Fish and Wild Life Service.

UVALDE QUARTER HORSE SHOW

A nationally known judge will officiate at the quarter horse show coming up in Uvalde Nov. 15—Sig Jernigan of Lampasas. Entries are limited to the counties of Uvalde, Real, Bandera, Medina, Frio, Zavalla and Kinney and will include both registered and non-registered horses.

UVALDE TO GET HOSPITAL

Uvalde county is split right down along the eastern edge, judging from the vote in the recent bond election for a new hospital. Reports from both The Sabinal Graphic and The Uvalde Leader-News give the election figures at 873-443 in favor of the hospital. However, the vote in Sabinal and Utopia went strongly against

Anvil Sparks

Let the Sparks fly where they will, for the truth is forged with fire! Let the Sparks burn where they fall, for the truth is not for hire!

By The Editor

It's not too early to start thinking about those Christmas decorations.

The Chamber of Commerce is sponsoring two contests this year, one for the best decorated yard and one for the best decorated store. The city is planning to get its own Christmas decorating done by the first of December. It's going to take some pretty good decorations to win the prize in the yard decorations.

There weren't many last year, but of the yards that were decorated a few would be hard to beat.

This decorating business is not just a waste of time and effort. It's worth while. If we wanted to let cold common sense govern our every move, life would be dull indeed and about the only interesting prospect would be that of committing suicide. Life is made pleasant and joyful in direct proportion to the extent that we enter into it.

There is no convention in life that we could not laugh off if we wanted to. But it would be a mirthless laughter.

By entering into these things, we enjoy them. By creating such enjoyments for ourselves, we build our lives and our country

the measure, running 298-15 in Sabinal and 73-3 in Utopia. Uvalde favored the measure with similar majorities.

There's lots of good cheer—in every tall bottle of bigger, better Pepsi. Pepsi's a touchdown for taste... with that extra point of quality... combined in the good good drink that scores high every time, with everybody.

For flavor, for quality, for size—you can't beat swell-tasting Pepsi. Pepsi hits the spot... plenty to enjoy in every big 12-oz. bottle. Buy one—buy six—buy plenty.

Square Biscuits, Yea!

I see by a neighboring paper, that the round biscuit is on the way out. Yes, sir, home-management specialists have found that the square biscuit lends itself to assembly-line production and easy storage better than those customary ovals.

Well, we're all for progress, but that's one new idea we just don't cotton to. A round biscuit, spread nicely amidstships with snappy country cheese, looks like a biscuit! And accompanied by a mellow glass of beer, it's a combination that you can't improve on!

USE CHLORDANE The Crop-Safe Insecticide

Chlordane insecticides get the bugs without hurting your crops. For truck gardens, here is the most effective insect toxicant yet developed. Deadly to most common pests. Consistently gives kills of 95 to 100%. Yet, when properly applied, Chlordane does not injure even such delicate crops as squash and melon vines. Residue volatilizes completely in 2 or 3 weeks. May be used with standard fungicides.

Chlordane is available in many commercial brands of insecticides—in wettable powders, dusts, and emulsions. Ask your local dealer for them today. Be sure the label states plainly "contains Chlordane" or "contains Octa-Klor" (trade name for Chlordane). THERE ARE NO SUBSTITUTES.

If your local dealer cannot yet supply you with insecticides containing Chlordane, write us direct for the name of a dealer who can.

Rainy Days Do Come
Are You Ready For Them?

Yes, if there is one thing we have learned, it is that rainy days follow sunny times. And when that time comes, the smart couple who have their money in The Texas Savings and Loan Association will have two big advantages. One is that funds invested there are federally insured up to \$5,000.

Another big advantage is that the current dividend rate is 2 1/2%. You can find out more about our plan. See J. P. Ephraim at the D'Hanis State Bank.

Peanut Referendum Dec. 9

More Than A Handful

Peanut growers will vote on peanut marketing quotas for the 1948, 1949, and 1950 crops at a referendum to be held Tuesday, Dec. 9, 1947. This date has just been officially announced by the U.S. Department of Agriculture, according to V. P. King, Chairman of the Medina County ACA Committee.

Persons eligible to vote in the referendum will be those who shared in a 1947 peanut crop that has been threshed, if the crop amounted to more than one acre of peanuts, King said. Lists of eligible voters are being prepared from information furnished by peanut growers to the County Committee.

Large allotments will be established for all farms in Medina County on which more than one acre of peanuts were picked or threshed during the years 1945, 1946, and 1947. These allotments will be based on the average acreage produced on each farm and serve as a guide in securing a production of approximately 25% of the peanut acreage produced annually in this country.

Marketing quotas for peanuts for the 1948 crop were officially claimed by the Secretary of Agriculture last July, Chairman King pointed out. Peanut growers themselves will decide by their vote whether the quotas will be effective. If two-thirds or more of peanut growers favor marketing quotas, they will be in effect for the next three years unless the Secretary of Agriculture decides later that the supply situation will justify termination of the quotas. The results of the referendum will also determine whether there will be a price support program for edible peanuts for next year's crop.

All peanut producers of the county are urged to take part in the referendum, King added. The support question is one that

TAKE TOP BILLING IN SOUTHERN PART OF COUNTY

Peanuts are the center of attention in southern Medina County these days because of the peanut marketing quota referendum, which will be held in all peanut-producing communities on Tuesday, Dec. 9.

Farmers are asking a lot of questions about the referendum, because they want to know the facts before they vote. Here are some of the questions, with the answers:

What measures will be taken to support peanut prices if farmers vote for quotas in this referendum?

Farmers who plant within their allotment in 1948 will be eligible for Government loans and purchases on their entire peanut crops at 90 percent of parity. Farmers whose 1948 peanut acreage exceeds the allotment will be eligible for price support only on peanuts produced in excess of the

1948 farm marketing quota, but only at 54 percent of parity.

What price supports will be available if farmers vote against quotas in this referendum?

Only 1948-crop peanuts which are sold for crushing for oil will be eligible for price support, and at a level which probably will be about 45 percent of the parity for edible peanuts.

Before the referendum, the county Agricultural Conservation Association Committee will let each farmer know what his 1948 allotment is, and will tell him where his community polling place will be.

Approximately 396,000 farm families and other rural consumers in 44 states and Alaska will get electricity as the result of loans approved by REA during 1947.

A good Sportsman in the making

Texas hunters and fishermen maintain a tradition of sportsmanship that has become a cherished heritage to pass down from father to son to grandson. And high among the ideals of the Texas sportsman is *conservation* of wild life.

And just as the sportsman conserves wild life, so other Texans conserve those things we hold most dear—our health, our mode of living, our knowledge, our natural resources.

Like other natural resources, natural gas has little value locked in the

ground. It is worth nothing unless it can be made to perform a service for the benefit of mankind. United Gas gives value to natural gas by making it available for use... by building processing plants, compressors and pipe lines to connect wells with cities and towns where it can be used.

This is *practical conservation*, for it gives value to this finest of fuels, stimulates industrial development, creates jobs, and benefits all the families in Texas.

CAPITOL BATTLE LOOMS OVER STATE SPENDING SPREES AS MORE TAX LEVIES THREATEN

battle over State spending is shaping up as the biggest problem will confront the next Legislature when it convenes in January, 1949, according to the Texas Research Institute.

The Legislature will either have to cut expenditures or levy additional taxes, declares a report issued this week by the Institute, a statistical agency sponsored by the South Texas Chamber of Commerce.

"The State Government is taking in more money than ever before," says the report. "But it is also spending far more than ever before. The last Legislature appropriated all the money certified by the Comptroller as available, including an accumulated surplus of \$52,000,000. A much smaller surplus will be available when the next Legislature convenes. The difference will have to be raised by more taxes unless the lawmakers reduce expenditures."

State Government cost increased 34 per cent in the fiscal year ended last Aug. 31 over the preceding fiscal period to reach a total of \$319,988,101, the Institute reported. It was the biggest year-to-year gain in history.

"This expenditure will be overshadowed, however, by the anticipated expenditure of more than \$450,000,000 for each year of the present biennium," the report added. "Demands for still more spending may be expected in the next Legislature. Higher taxes will be difficult to avoid unless Texans are alarmed by the prospect of making their voices heard between now and January, 1949."

Mr. and Mrs. Bill King and children were visiting her parents Mr. and Mrs. Henry Saathoff.

Mr. and Mrs. Willard Williams and children of San Antonio and Mr. and Mrs. Marshall Fohn of Hondo spent Sunday with Mr. and Mrs. H. C. Oefinger and family. Jake Saathoff moved his cattle from Hondo up to his ranch Sunday.

Visiting with Mr. and Mrs. John Brucks on Sunday were Mr. and Mrs. LeRoy Lehmberg and family of San Antonio, Mr. and Mrs. Robert Mumme and daughter, Mr. and Mrs. Stanley Mumme and family and Mr. and Mrs. Albert Eckhart and daughter of Hondo.

Jerome Schulte of Hondo spent Sunday with Henry Saathoff Jr.

Frank Brucks was on the sick list several days this week.

Herbert Brucks is spending a few days with Wesley Heyen and family.

Mr. and Mrs. Henry Saathoff

commenting on the food conservation program now being used throughout the nation.

Gen. W. Cox, State Health Officer, today emphasized the importance of including the proper

requisites in the daily diet.

Food conservation is an absolute necessity and all Texans are

urged to assist in this program;

eliminating needless basic foods

only result in undernourishment

and illness, which can be avoided by observing the Texas

Standard in daily meals,"

Cox said. "This food standard

will enable Texans to utilize

stable foods, eliminate waste,

and be in conserving food and

and their food dollar wisely."

The Texas Food Standard, recommended by Dr. Cox, provides

necessary food elements, and

each individual includes daily

servings of: 1 pint to 1 quart of

meat, poultry or fish; 1 serving

of potatoes; 1 serving green or

new vegetables; 1 serving fruit or tomatoes; 1 serving

of fruit; 1 serving whole grain

products; other enriched cereals

breads; small amount butter

margarine with vitamins added

some sweets or desserts in

moderate quantities.

Good nutrition is based upon

observance of good food habits

practiced every day," Dr.

declared. "This is important

any time, but especially now,

when it will not only maintain

health but assist in the con-

servation of food supplies."

★ EDITORIAL - FEATURES ★

Editor's Corner

Here's an editorial that was borrowed by The Beeville paper, and it is worth borrowing again.

TEST OF A TOWN

Stephenville Empire Tribune: The following ten items as a test for a town were submitted to the Southwestern Chamber of Commerce Institute by Hubert H. Harrison, vice president and general manager of the East Texas Chamber of Commerce. With ten as a perfect score for each item, what total score do you get for your town? A close study of this test should tell us what we need to do.

1. Attractiveness. What is the general "atmosphere"? Does it have the beauty of shady streets and beautiful features? Is it a quiet, roomy, airy, well lighted town? Does it have attractive public buildings and grounds and homes? Is it well paved? Is it clean in every respect?

2. Healthfulness. Does a family have a reasonable chance to keep well in my town? How about its water supply? Its sanitary system? Its method of milk inspection? Its health department? Its hospitals? Is it without any congested district? What about the downtown back alleys? Flies and mosquitoes? Rodents? Drainage?

3. Education. Can a family be educated in my town? How about its public schools — present and future? Its institutions of higher education and business training? Its libraries? Its lecture and concert courses? Its newspapers? Its postal facilities? Its schedule of salaries to teachers? Its investment in school property? Its organizations for boys and girls?

4. People. Do I like the people of my town? Are they "home folks" without false exclusiveness? Are they neighborly and friendly? Is the town free from factionalism? Is it "boss free"? Does it have strong religious, fraternal and social organizations? Is it a law-abiding community? Is there evidence of "citizen sportsmanship," win or lose? Do the people use their public libraries and support artistic undertakings? Do they keep their children in school and not in factories? Are they good American citizens?

5. Recreation. Can I have a good time in this town, my family and I? Does it have a good recreation department? How about the theaters, museums, gymsnasiums, parks, swimming pools, athletic fields and contests? Are inviting opportunities for pleasure driving afforded by well paved streets?

6. Living. Can we live reasonably and well in this town? Are the best of modern conveniences available for its residents — electricity, gas, telephones and other public utilities? Are the housing and shopping conditions favorable? Rents, taxes and prices fair? Hotels good? Home and truck gardens and dairy products plentiful? Is it a good town in which to bring up children? How does it rank in safety?

7. Accessibility. Can we go and come easily? Does

the town have adequate railroad and bus service? Adequate highways? Desirable proximity to other cities affording additional advantages? Does it have adequate parking facilities? Farm to market roads?

8. Business. Can I make good use of capital in this town? Are there good banking facilities? Up-to-date stores? Good shipping facilities? Favorable labor conditions? A prosperous and friendly trades territory? Fair real estate values? Active cooperation among business interests?

9. Employment. Can I get a job in my town at fair pay and with good prospects for the future? Can I count on cooperation from organizations and individuals making it their business to help introduce and establish new commercial interests and welcome new citizens?

10. Progressiveness. Shall I find that I am in a live town having a progressive city government, active civic organizations, modern fire department, adequate police protection, organized measures for accident prevention, and a "pull-together" spirit in everything — a town with a future?

Ask yourself these questions and see if you are doing your part to make Hondo a better town in which to live.

Hail to the coming of some nice cool weather. Hail to the return of pockets.

Summer with its heat works terrific hardships on the male species. In the summertime a man must get along with only two good carrying pockets, one or two hip pockets, a watch pocket and maybe one in his shirt. Into these few spaces are crammed his pipe, tobacco pouch, change, hanky, billfold, keys, comb, assorted business papers, all the letters he forgot to mail for his wife, the show or football tickets, some nuts and bolts left over after he put the radio back together, etc, etc, and etc.

But now the good old man's weather is back. He can afford one he can add a vest with four convenient additional pockets.

The "New Look" which the women want to acquire with bustles can now disappear from the men, who have it all summer long every year. Out of the hip pockets come the Bull Durham and the hanky and the letters and the mortgages and subpoenas. The rear view of a man's figure always improves a hundred percent in winter time.

And no longer must he comb through a handful of tobacco to find the dime tip for the waitress. No longer must he find a convenient table to empty things upon when looking for the toothpick he stuck in his side pocket this morning. Or the matches. Or the cigarette lighter. Or the cap gun for junior.

Needless to say, our womenfolk are never bothered with this problem. The ladies scorn the use of pockets and instead employ a huge bag into which they dump everything they carry indiscriminately.

They prefer to lose everything in one place.

A Washington press dispatch, referring to the President's call of a special session of Congress, makes the following forecast:

"There will be a lot of talk about the high cost of living, with each party trying to lay the blame on the back of the other, they say. The high cost of living will be daily deplored and each Congressional orator will advance his pet theory as to the causes.

"But as for action, they say it's to be just the same as with the weather — everybody will talk about it, but nobody will do anything about it.

"One key Republican senator put it neatly when he said:

"We will explore and deplore — only that and nothing more."

"The pessimism is based on the assumption that Congress will not reimpose price controls or any other effective program for controlling inflation."

And perhaps that would be best — the less attempted the less likelihood of making bad matters worse.

In one year, a female moth and her descendants can destroy as much wool as 13 sheep can produce in the same period.

"BATTLE OF THE BULGE" — 1947

By COLLIER

Fletcher Davis

(Continued from Page One)

THE PRESIDENT HAS SPOKEN

has continued and still continues. For instance, among the many contributing causes of the high prices at home which the President so plaintively decries is the government purchase, with American taxpayers' money, of commodities that American consumers need and giving them to European governments — some still as usual recently technically at war with us — for those governments, not to give to their needy peoples, but to be sold by those governments to such of their peoples as have the means to buy.

So without acknowledging the cause or proposing a remedy, we have the spectacle of the President calling the Congress together ostensibly to stop inflation — rising prices — while at the same time continuing one of the chief if not the chief unmentioned causes of the inflation — pouring American commodities into the lap of mendicant Europe at the expense of the American taxpayer.

What we sat down to listen to in sympathy such as we would feel for any man confronted with a perplexing and difficult problem, and was conscientiously trying to meet and solve, left us, when the speech was done, with the sad conclusion that here was not the effort of a man who deserves sympathy, but rather the effort of a politician whose monkey has developed claws he does not dare try to trim and is simply trying to put it on the back of the Republican majority in Congress!

What is to be thought of a man in a high place who will thus play politics with the afflictions of a small world?

Fletcher Davis

(Continued from Page One)

WHAT WE READ IN THE PAPERS

to be so, even for the purpose of saving the Bessarabians, Macedonians or Poles from starvation, communism or any other fate."

When will the American citizen wake up and assert his own right to freedom from slavery to the tax spenders?

★

We read in the Uvalde Leader-News that:—"Bob Wellborn, secretary of the Chamber of Commerce, Roy Davenport, chairman of the C. C. Highway committee and County Judge Bob Davis, left early Friday morning for Austin where they were to appear before the State Highway Commission in reference to construction of Highway 83 through Kerr County.

The 18-mile stretch is the only obstacle preventing Highway 83 from becoming an International highway from Canada to Mexico City. Above Kerr County the road reaches into Canada and below the county it goes all the way to Mexico City.

The Uvalde C. C. Committee hopes to induce the Highway Commission to take the necessary steps for purchase of the land and construction of the road."

This is good news which should be an incentive to Hondo and Leakey to get busy on the extension of 173 from its present terminus at Hondo to a junction with 83 at Leakey.

What more logical or economical than for the construction crew which will build the road from Junction to Leakey to build right on to Hondo and so complete the most direct route for all the great

Subscription Rates
In Medina County \$2.00
Elsewhere \$3.00

Issued Every Friday

Whether you seek a present for yourself, or for a friend, we urge you to look at the stocks of merchandise in Medina County before you make a trip "to the city," and before sending a mail order for the thing desired. Save yourself time and money by buying at Hometown stores, where the choice is wide and the price is right. You will be better satisfied, and you will have loyally helped your town and yourself by buying at a local store.

Medina County stores are high class because for many years they have catered to the needs of this prosperous self sustaining community. What makes it self sustaining? Good business, of course. The aggregate of your business and your neighbors built this county, and continues to keep it going strong. Keep our business here, and then our county will grow stronger. In counties and towns with such good stores and brisk business, property values stay up — even increase. New businesses come in. Jobs increase. Everyone then is happy because business is good. Loyal trade in Medina County stores keeps it good, and keeps times good.

But when money is sent or spent out of the county, we all lose. Then businesses suffer or fail, property values lag or drop; and persons wonder what is the matter with such a place. Trade at local stores and brag about it. Then all your friends will do likewise. Be a Medina County Trade Booster yourself this Christmas.
